# Letter from the Principal

To the Amazing Class of 2008,

We have been together almost the whole way through-long enough for me to get to know many of you, and it has been a pleasure. You are a class full of possibilities. Your talents, dreams, and passions have been evident. Though there have been ups and downs, I hope you will take away some measure of satisfaction in the ways you have grown, what you have contributed, and a sense of where you are going. As you go on to new adventures, don't forget to take time to enjoy each day for what it brings. Drive yourself to achieve, but allow yourself to enjoy the ride. I am proud to have been your principal and wish you all the very best wherever life may take you.

Sincerely,  
Elinor Freedman

# Letter from the Editors

To the Class of 2008,

Over the past four years, our class has grown. We have overcome many obstacles and challenges that high school has thrown at us. Whether we had an academic, social or personal problem, we found comfort knowing that one of our peers would be there there to help us through.

We all know how our class is; we have never been completely together as one, but we sure have had fun trying. If we had more oppertunities to show how close we really can be, perhaps would have taken better advantage of them. Although there were not many opportunities, the times that we all did come together were the best they could have been. These times, both happy and sad, were the pictures and memories that we wanted to include in this yearbook.

We have worked our hardest and done our best to make this the yearbook for everyone in the Class of 2008. The five of us have put in many hours of work to make this unforgettable. We have tried to portray everyone's good times and favorite memories in an effort to make this the best yearbook for our class. We hope you like it.

From your editors,

Casey Adams, Gabby Arsenault, Jenna Hoy,  
Justin Kane and Judy Sweeney

Love, Your Classmates and Friends

## Letter To Our Class Advisors

Ms. Acevedo , Mr. Cresta & Officers.

Because of your assistance and guidance over the past three years, you have helped make our high school memories unforgettable. Mr. Cresta and Ms. Ace, you joined us sophomore year and since then have been a major asset to the success of our class. Thank you! Thank you senior officers and our past officers for your hard work to make everything amazing. Your time and dedication has meant so much to each one of us.

The Class of 2008

---

## With Thanks and Appreciation

Ms. Bodnaruk and Ms. Devito.

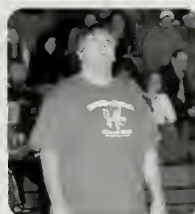

On behalf of the editors of the yearbook, the class of 2008 would like to thank you for your kindness and devotion to Wakefield High. You have been so helpful to everyone here for so long. It would have been harder for the students and the faculty if you had not been so willing to help out when ever possible. The DECA store and the computer lab have become two of the most popular places in the whole school among both students and staff because of the two of you. Thank you so much for your years of work at WHS, and thanks for making our four years of high school so much that more memorable! We'll miss you! .
